been in a Project Based STEM classroom at Washington?

explored Geography using floor foam puzzles, used manipulatives to learn math or been a Science Sleuth at Lincoln?

## Thank the CWCEF!!!

Who is the CWCEF? The Caldwell West Caldwell Education Foundation has donated over \$173,000 over the past six years to the CWC school district through various projects, like the ones listed above. How can you thank the CWCEF? Support us by attending the CWCEF sponsored events and/or volunteer your time and ideas to help us raise money to support the wonderful ideas that the CWC teachers have asked us to fund.
